Automated Enrollment Step 3 of 3

Please provide a username.

Username:	<input type="text" value="username123"/>
Email Address:	<input type="text" value="address@email.com"/>

Put in the username you would like to use and click [Enroll](#). The email address will be automatically filled in, if the email is incorrect, please contact your personal banker in order to change it. If you pick a user name already in use, it will give you three options for usernames that are not in use. You can use a username from that list or try a different username.

At this point an email has been sent to your email address containing your temporary password. You will need to go to your email and retrieve the temporary password before you can go any further.

... please login and change your password. When you log in you must enter as shown above. To ensure that the password is entered exactly we *paste* the password from this e-mail to the password field in online banking.

You will receive an email like the one above after a few moments. Copy the password by highlighting the password alone and right clicking and selecting Copy.

Go to the Northwest Bank website and enter the user name you created in the Enter ID field and click Login. When prompted to enter your password, right click on the field and select Paste. You will then set up your Login Image and Phrase, Challenge Questions, and Change your password for security purposes.

The last step to sign up for Online Banking is to read through and Accept the Online Banking Disclaimer before you can begin using Online Banking.
